[Wisconsin DNR](#)

Proficiency Testing Standards Now Available From [Wibby Environmental](#)

Wibby Environmental, “**The New Name You’ve Known for Years**”, is now a *fully approved Wisconsin PT Provider*. Not only do we thoroughly understand the regulatory requirements of the WI DNR program but, more importantly, we understand how to make your laboratory’s WI PT compliance easier and more cost-effective than ever.

[We will manage your PT program for you, period.](#)

As a result of our involvement with the laboratory community over the years, we’ve learned that the most important components of a PT program are convenience, regulatory support and a real way to save you time and money. That was the inspiration for our new program, **PT Manage™**. Our program is provided at no additional cost to you, and provides you with all the convenience of web based electronic reporting, timely updates on sample shipments, study closing dates and much, much more.

[Try Us Out. Start saving time and money today.](#)

We believe our solution to your Wisconsin PT requirements will greatly simplify your life and enable you to concentrate on running your laboratory. Simply complete and fax back the enclosed order forms.

[Free Shipping and Handling.](#)

And if you order by January 20th, you’ll receive **FREE** shipping and handling. Call us today – we look forward to hearing from you.

Sincerely,

A handwritten signature in black ink that reads "Chuck".
