

May 27, 2010

Memorandum To: All Interested Parties

From: Peter S. Unger, A2LA President/CEO

A2LA is proud to have accredited Wibby Environmental as a proficiency testing provider located at the facility in Golden, CO.

The 2010 Catalog contained on the Wibby Environmental website and distributed through a variety of means outlines activities for which Wibby Environmental is currently accredited by A2LA. The content of the 2010 catalog itself was also previously approved by A2LA. However, not all products outlined in this catalog may fall under the Wibby Environmental A2LA Scope of Accreditation. Accordingly, as we do for all users of accredited services, we encourage you to review their actual A2LA Scope of Accreditation if you are seeking to obtain accredited proficiency testing samples. The Scope (available from A2LA or Wibby Environmental directly) outlines exactly what materials are accredited so that you may make an informed choice from the Wibby Environmental catalog.

Any questions may be directed to the appropriate Wibby Environmental staff or you may contact A2LA directly.
