Instructions for: *Massachusetts Low Level Perchlorate Samples* (cat # *PT-MAPERC-WS*)

SCOPE AND APPLICATION

Your Massachusetts Low Level Perchlorate Samples from Wibby Environmental are enclosed. You should be familiar with the method(s) used for determination of low concentrations of perchlorate in water before analyzing the samples. If you have any questions about the analysis of these samples, please contact Wibby Environmental Customer Service at 1-866-WibbyPT (866-942-2978).

SAMPLE PREPARATION AND ANALYSIS

1. Per Massachusetts DEP specifications for this study, two samples have been supplied, labeled "Sample#1" and "Sample#2". Each sample is a different, independent sample, do not assume they are duplicates.
2. As described in EPA Method 314, the samples should be stored at 4°C.
3. The samples are ready for preparation and analysis as received. No dilution is required.

REPORTING RESULTS

1. Report all results using the Data Reporting Sheets enclosed with your samples.
2. Report results to three significant figures.
3. **Please remember to follow the Massachusetts perchlorate sample reporting protocol that requires the laboratory to report < MDL when no perchlorate is detected.**
4. Report your results on line at www.wibby.com. Click on the "Online Data Entry" link or the "PT Manage" link.
5. You may also report your results using the Data Reporting Sheets enclosed with your standards. FAX your results to Wibby Environmental at 1-866-283-0269 or mail

the results to Wibby Environmental, 6390 Joyce Drive, #100, Golden, CO, 80403.

6. Wibby Environmental must receive all results prior to the study closing date shown on the Data Reporting Sheets.

SAFETY

These samples are designed for use by laboratory professionals who are familiar with handling environmental reference materials as well as hazardous materials. If you have any questions about the safe handling of these standards or require a Material Safety Data Sheet (MSDS,) please contact Wibby Environmental 1-866-WibbyPT (866-942-2978)

QUESTIONS?

If you have any questions regarding these standards or reporting requirements, please call Wibby Environmental at 1-866-WibbyPT (866-942-2978).
